SUMMER COLLECTION

The Catholic University of America is unique as the national university of the Catholic Church and the only higher education institution founded by the U.S. bishops and chartered by the Vatican. As such, it has a special responsibility to educate future leaders for our Church and for our nation. In this sense, The Catholic University of America belongs to all of us in the Church, regardless of where we live. Your contributions benefit students from all over the United States, including our own diocese, by funding scholarships for those who would not otherwise be able to attend.

Through your generous donations, the Catholic Communication Campaign (CCC) is able to spread the gospel message in our community and all over the world. CCC funds the development of traditional and new media programs that inspire and minister to their audiences. Half of the collection from our Diocese stays here to support local communication efforts, while the other half supports national Catholic media initiatives.

The collection at Most Holy Redeemer is scheduled for this weekend of May 28/29. Please give generously to the combined collection benefiting The Catholic University of America and the Catholic Communications Campaign.

CHOOSE LIFE

Indiana University has been discovered buying body parts of aborted babies, and is now suing the state of Indiana in order to continue its experiments using these body parts, including brains. Indiana researchers argue that Indiana's 2016 "Dignity of the Unborn" law will "jeopardize their research and stifle their academic freedom," claiming the effects on scientific research could be "dramatic and catastrophic." Commented an Indiana Right to Life official, "Each aborted baby's brain (bought for \$200) being dissected by researchers belonged to a little boy or girl whose life was ended in the barbaric practice of abortion."
